

Software stack creation

```
graph TD; A[Software stack creation] --> B[Software stack deployment and contextualization]; B --> C[Execution and results collection]; C --> D[Analysis];
```

A vertical flowchart with four rectangular boxes connected by downward-pointing arrows. The boxes are colored blue, blue, light blue, and light blue from top to bottom. The text inside the boxes is black. The first box is 'Software stack creation', the second is 'Software stack deployment and contextualization', the third is 'Execution and results collection', and the fourth is 'Analysis'.

Software stack deployment  
and contextualization

Execution and results collection

Analysis
